

## BREAKING BOUNDARIES WITH FC300 FOLDING CLOSURE

SUPERDRY STORE @ FUNAN MALL

The all new Funan Mall has reopened after undertaking a three-year hiatus since 2016. The upgrade saw a huge change in vibe and aesthetics of the entire mall, bringing people, tech and sports together. UK Clothing brand - SUPERDRY, has set its foot into the mall with a bold and attention-grabbing store front, boasting its personality in strength.

A first with Superdry Stores in Singapore, Standard Rolling Shutters' latest product - the FC300 Folding Closure, was used to secure the high quality products within the store. A unique feature with SUPERDRY STORE @ FUNAN MALL was the incline in floor level - an impossible task for a traditional vertical roller shutter to achieve. Through meticulous R&D, Standard Rolling Shutters was able to make a breakthrough in the bi-fold door industry while maintaining maximum security without compromising on quality.

## OFF-SHORE SUPPORT

@ JURONG ISLAND

Location is key for any business - It's no difference for KATOEN NATIE. Delivering cost-efficient, reliable, sustainable solutions for added value in their customer's supply chain.

Located on Jurong Island, one of Singapore's seven offshore islands - acquiring external support and guidance on roller shutter care and repairs can get a little tricky. Discussions have begun in mid-July on the maintenance of their roller shutters site-wide.

By August 2019, Standard Rolling Shutters has begun its first league of repairs for the plants' existing damaged roller shutters - ensuring that future daily work flow is not affected.

## VICTORIA'S SECRET

#B1-287

The leading brand in lingerie, beauty products and world famous fashion shows - VICTORIA'S SECRET. Electrifying with splashes of pink and black. The FC300 in Matt Black Powder Coat is the perfect partner in displaying the beauty of the store.

**FEATURED:** FC300 IN MATT BLACK POWDER COAT FINISH

## LÄDERACH

CHOCOLATE SUISSE

#01-241

The first in Singapore, LÄDERACH chocolatier suisse has made its debut in non other than Jewel - Changi Airport. Bringing the most exquisite slabs of FrischSchoggi (Fresh Chocolate) to our shores.

In line with the premium chocolates that LÄDERACH offers, the unit is dotted with elements of black and gold, elevating the shoppers buying experience. The FC300 Folding Closure was powder coated in Matt Black to suit the aesthetic even after hours.

**FEATURED:** FC300 IN MATT BLACK POWDER COAT FINISH

# REDEVELOPMENT PROJECT

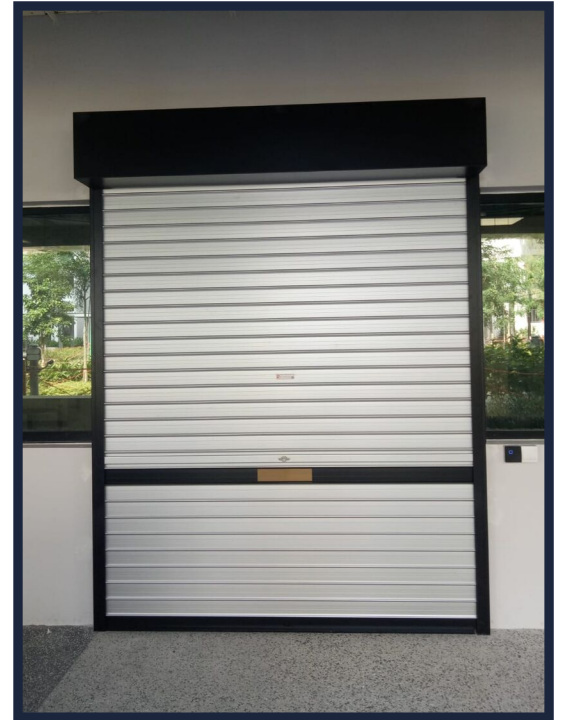

## KWONG WAI SHIU HOSPITAL

### PREMISE SECURITY

Kwong Wai Shiu Hospital (KWSH) is one of Singapore's oldest charitable healthcare institutions which was founded in 1910. Starting out with three colonial buildings that were built in 1857, KWSH has undergone major redevelopment of the premises in recent years to provide quality care to its patients.

Standard Rolling Shutters has been given an opportunity to work with KWSH in securing their premises at 25 St. George Lane. It was a great collaboration working with the team at KWSH and we believe that the community will benefit from the joint effort.

**FEATURED:** ALUMINIUM ROLLER SHUTTER IN NATURAL ANODISED FINISH WITH SPECIAL REQUEST FOR NEWSPAPER INLET
